Dear Mrs. Hunter:

I am writing you as Director of Public Relations of your Newspaper, to see if we can arrange a program for better co-operation between the newspapers and organized Negro Baseball. I have a program in mind that I believe would be very practical and very simple. I would be glad to talk to you any time about it. If we are going to get together, we should do so very soon, as our Baseball season is almost ready to open.

Awaiting an early reply.

Very truly yours,
